NEW SYSTEM IN OPERATION

Telepost Service Finally Inaugurated at Boston.

BOTH FAST AND ECONOMICAL

One Thousand Words a Minute Transmitted by Delany Method at Lower Rate—Telegrams Delivered by Special Messengers and Teleposts Carried by Postmen Features of the Telepost Company's Work.

Boston, Oct. 14.—The Telepost company has inaugurated here its system of receiving and sending messages. The Delany method, controlled by the company, the newest and most rapid method of transmitting intelligence electrically, in connection with the postoffice delivery system, is now an actual fact in American life.

With the transmission of the first Telepost message from Boston to Portland, Me., handed to the Telepost operator here by Mayor Hibbard of this city, the Telepost was put into operation between the two cities, the line including the following way stations: Lowell, Mass.; Lawrence, Mass.; Haverhill, Mass.; Exeter, N. H.; Portsmouth, N. H.; Dover, N. H.; Biddeford, Me.; Saco, Me., and Old Orchard, Me. In each of these cities there is now a Telepost office prepared to receive and transmit messages.

The Telepost transmits and receives messages at the rate of a thousand words a minute, from twenty to forty times as many as any other telegraph system now in operation. The Telepost utilizes the full carrying capacity of the wire, while others get only 10 per cent.

The Telepost company gathers messages and sends them on its own lines. It delivers the message itself by its own special delivery service, the messages then being called by the familiar name "telegram," or it relies for delivery upon the well organized postoffice department run by Uncle Sam. In the latter case the message is known as a "Telepost." The company also receives messages through the postoffice department, for transmission to near or distant points—that is, a man living in one of the cities named or within mailing distance of it may write out his telegram or his "Telepost," drop it, addressed to his correspondent near or far, in care of the Telepost company. The latter will attend to its prompt and speedy transmission. The telephone may also be utilized by the Telepost patrons.

In addition to telegrams of the new style and Teleposts the innovation in the wire world includes the "telecard," which is to the telegram and the Telepost what the postal card is to the letter. In other words, it is a shorter telegram transmitted at a lower rate.

Uniform Rate of Transmission.

The rates charged by the Telepost company are uniform whether the distance traversed by the message is ten miles or a thousand—twenty-five words for 25 cents delivered by the Telepost messengers, or fifty words for 25 cents brought to your door by one of Uncle Sam's gray coated men. The charge for the telecard is 10 cents for ten words sent to any place reached by the Telepost company's lines.

A special envelope of odd size and attractive design makes it easier for the mail distributors to recognize and handle Teleposts. The telecard is also of special design in order to facilitate postoffice handling.

While the service just inaugurated includes only the cities named above the Telepost company has already closed contracts to make rapid extensions from Boston in other directions.

The scene in the Telepost offices at the opening of the new service was a most interesting one. The audience included, besides Mayor Hibbard, a large number of men prominent in the business and professional life of this city. The newspaper men who were present not only looked upon the putting to practical use of the invention of Patrick B. Delany as an interesting item of news, but as one that is expected to affect vitally their own business of news gathering and publishing. The Telepost company intends to establish at its offices in the various cities a bulletin service giving the most important news items of the day in skeleton form, referring the readers to the newspapers for details. The first message transmitted over the Telepost lines was that of Mayor Hibbard to the mayor of Portland, Me., congratulating the latter upon the inauguration of the new system. The first Telepost message will be preserved as an interesting memento of the occasion. Among those present were Patrick B. Delany, the inventor of the system; H. Lee Sellers, the

president of the company; R. H. Sellers, its secretary and treasurer, and J. W. Larish, its electrical engineer. The various operations of the Telepost, such as the perfecting type, the transmission of messages, handling the receiving tape, etc., were fully explained and aroused the highest interest.

The Telepost system has won the highest commendations from expert authorities in electricity. Thomas A. Edison, with whom Mr. Delany worked years ago, said of it, "The system in its entirety is so simple that it is perfectly 'fool proof.'"

Accused Woman Set Free.

Wabasha, Minn., Oct. 15.—Mrs. Emma Drees-Vosker, arrested on a charge of murdering the recluse, Roemer, whose housekeeper she was, and who was found dead in his isolated home here some months ago, has been freed. The hearing was brought to an abrupt end in court here when the recently published claims of a solution of the mystery were shown to be without foundation.

BRYAN DELIVERS MANY ADDRESSES

Greatly Pleased With Reception in His Home State.

Hebron, Neb., Oct. 15.—The second day's tour of Nebraska by Hon. William J. Bryan was brought to a close at this place. Twenty-two speeches were made during the day by the Democratic candidate, varying in duration from ten minutes to one hour. It was by far the most enthusiastic day for Mr. Bryan during the trip. With the conclusion of his work Mr. Bryan expressed himself as being greatly pleased with his reception in his home state during the day, saying that his audiences were larger and more enthusiastic than during any other campaign. Three congressional districts were traversed and in each one the candidate made an appeal for the Democratic nominees. He invariably began each speech by saying that he was more interested in the election of the candidate for congress than was the candidate himself. "I would feel mighty lonesome in Washington if both the senate and the house were against me," he said, "but if you will give me the house I am sure we will make the senate feel lonesome." At these places where it was possible to do so Mr. Bryan discussed all the issues, but in smaller places he devoted his time to explaining and defending the Democratic position on the guarantee of bank deposits. At Columbus he told of the opposition to fire insurance when the subject was first suggested and compared the arguments presented against it to those now used by the opponents of the bank guarantee plan of the Democratic party.

TRIAL OF CHARLES W. MORSE

Work of Selecting a Jury Practically Completed.

New York, Oct. 15.—The first day of the trial of Charles W. Morse, former vice president and director of the National Bank of North America, and Alfred H. H. Curtis, former president of the institution, both of whom are under federal indictment for violation of the banking laws in the bank's management, closed with the work of selecting a jury practically completed. Although but twelve men will be sworn in, counsel for each side accepted eighteen tentative jurors at the day's session of the United States circuit court in which the trial was begun before Judge Hough.

Sifting from among these the twelve men who will be definitely chosen will occupy most of another day's session, after which taking of testimony will be begun.

Emperor William an Inventor.

Berlin, Oct. 15.—Emperor William has invented a new hub and brake for railroad trains and automobiles, which is described as offering the greatest possible guarantee against accident arising from the failure of existing brakes to operate when called upon. The practical experiments with it have not yet been completed.

Valuable Timber Burned.

Cleveland, O., Oct. 15.—Fanned by a gale, flames started by an engine's spark swept over fields, destroyed fifty acres of valuable timber in the woodlands three miles south of Euclid village. In Collinwood village ten acres owned by John D. Rockefeller were devastated.

AT CONFERENCE OF THE POWERS

Russia and Britain Agree Upon Subjects of Discussion.

FOR SEPARATE NEGOTIATIONS

Dardanelles Question Will Be Left for Settlement Later Between Russia and Turkey—Conference Will Consider Question of Compensation to Turkey, Serbia and Montenegro—Ottoman Government Should Not Bear Expenses.

London, Oct. 15.—According to what apparently is an inspired statement with regard to Russia's position which appears in the Times, a practical agreement has been reached by M. Iswolsky and Sir Edward Grey, under which the conference of the powers will discuss the question of compensation to Turkey, Serbia and Montenegro, but the Dardanelles question will be left for separate negotiations later between Russia and Turkey.

Russia agrees with the Western powers that the compensation given to Serbia and Montenegro should not be at Turkey's expense, and holds that it is to Europe's interest to facilitate in every possible way Turkey's heavy task in completing the constitutional reforms. According to the statement, Russia desires a revision of the agreement concerning the Dardanelles, but does not wish to make the revision a part of the conference programme or to force it upon Turkey.

On the contrary, Russia agrees that a revision is possible only with the consent and good will of the Turkish government and as a result of future negotiations which is it hoped the British government will facilitate and that an arrangement could be reached with the help of all the interested parties, which would give Russia all she requires without menacing the interests of other powers. In addition, by removing a long standing Russian grievance it would contribute to the consolidation of the Anglo-Russian understanding and the establishment of real friendship between Russia and Turkey.

"M. Iswolsky's departure," says the statement in the Times, "was delayed in order to complete the details of the agreement and when he returns to St. Petersburg he will make an important statement to the duma explaining the Bichau conference and making clear not only that he had consented to the annexation of Bosnia and Herzegovina, but that he expressly warned Baron von Aehrenthal that the position of these two provinces was an European question which could not be settled by Austria and Turkey."

TRAVELS A LONG WAY.

But Swiss Balloon Finally Descends to the Ocean.

Berlin, Oct. 15.—Only one of the twenty-three balloons which started in the race for the international trophy on Sunday from Schmargendorf is unaccounted for. This is the German balloon Busley, under the command of Dr. Niemeyer, with Hans Hiedemann as assistant. Dispatches received here from Cuxhaven announced that the Spanish contestant, Castilla, dropped into the ocean six miles north of Heligoland, and that the navigators, Montojo and Robero, were rescued by fishermen. Later a dispatch was received from Milde, Norway, telling of the descent of the Swiss balloon Helvetia to the ocean, and the rescue of Colonel Schaeck and E. Messner. The dispatch read as follows:

"Fishing boat rescued occupants balloon Helvetia at the last moment as they were sinking, the gas being totally exhausted. The balloon was saved."

A second report came from Milde stating that another balloon was reported to have landed in Norway about the same place as the Helvetia. The Aero club officials here, however, are doubtful of this and believe that the report is simply another version of the Helvetia's landing.

Milde is only thirty-two miles southwest of Christiansand, and to reach this point, the Helvetia must have traveled about 1,250 kilometers, or 775 miles in a direct line, and must have traveled over the Skagerrack or the still greater body of the North sea. This is by far the greatest distance yet reported to the credit of any of the contestants, the majority of whom either took a somewhat circular course or were compelled to descend on account of their proximity to water.

Labor is learning that its only safety is in precise, exact equality before the law with capital. Mr. Taft assures labor of such standing. Mr. Bryan makes labor the demagogic promise of special privilege which labor does not want and knows it cannot get.

Beautiful Waist Silks A New Line

We are now showing a beautiful line of new waist silks, representing every style tendency. These silks are in persian, plaid, stripes and other elegant designs as well as the chevron and other self stripes. We have selected our line with an idea of popular prices too and will show you an elegant line from 75c to \$1.00. Then we have those worth up to \$1.50.

"MICHAEL'S"

CHICAGO AGAIN WINS THE CHAMPIONSHIP Takes Four Out of Five Games From Detroit.

Detroit, Oct. 15.—By defeating Detroit in the fifth game of the series, 2 to 0, the Chicago team of the National league retained its title as the champion baseball team of the world. The present series differed but little from that of last year. In the previous series Detroit managed to get one tie game and then went down in four straight defeats. In the present series, Detroit snatched one victory out of the five games played.

The Chicago team, according to the critics, showed superiority in every department of the game in the series as a whole, although this superiority was not so apparent on the day that Detroit batted a victory off Pfister's curves. Detroit was handicapped by Schmidt's inability to cut down runners at second at critical moments when hits meant runs. None of the Detroit pitchers seemed able to consistently puzzle the Chicago batsmen, for even Mullin, who pitched Detroit's only victory, was found for seven hits. Throughout the series Chicago's hitting was opportune. The occasions were rare when with men on bases and runs needed, a Chicago batsman was not there with the needed hit.

The games were singularly free from squabbling and on only two or three occasions were the decisions of the umpires questioned. At no time was it necessary for a player to be sent to the bench to enforce discipline and good order. The series, however, created less interest in the two cities most affected than that of last year, if the attendance may be taken as a guide. The paid admissions were only 62,232 for the five games and the receipts totalled but \$94,976 as compared with \$101,000 last year. The attendance at the final game was but 6,210, with gross receipts of \$9,577.50.

Of the money taken in the players of Chicago, the winning team, get \$27,669, and the Detroit players \$18,446. The club owners get \$19,681 apiece, and the national commission \$9,497.

Detroit had no chance in the last game, for the Cubs hit Donovan hard and fielded perfectly, while Overall held the Tigers to three hits, one a scratch. He struck out ten men.

TO OPERATE FLOUR MILLS

New Company Will Take Over Pillsbury-Washburn Properties.

Minneapolis, Oct. 15.—Organization of a new company to take over and operate the properties of the Pillsbury-Washburn Flour Mills company, limited, is practically assured.

Plans for the organization have been adopted by the American shareholders with the assent of creditors. Ralph Whelan of Minneapolis counsel for the new company and the four receivers, has started for London to lay the organization plans before a meeting of English shareholders called for Oct. 27. The financial plan calls for distribution of shares in the new company on a basis of holdings in the old.

With the new organization completed the way is open to present a plan for the removal of the property of the English company from the jurisdiction of the federal court and its receivers. The statement is made in the plan that under the new organization the debts of the old company will

be paid in from six to eight years, and the stockholders reimbursed.

DENIES AN INJUNCTION.

Federal Court Powerless to Interfere With Iowa Liquor Law.

Davenport, Ia., Oct. 15.—Judge Smith McPherson in the United States court here gave a final decision in the case of the United Breweries against the Civic federation of Davenport. He denied a restraining order, asked by the breweries. He declared the Iowa liquor statute a quasi-criminal law and said that the federal court had no power to interfere with its enforcement by state courts.

IDENTIFIES BODY.

Widow Says Her Husband Must Have Been Murdered.

Kenosha, Wis., Oct. 15.—What is thought to be a positive identification of the portion of the body of a man found in a thicket on the Riley farm south of Kenosha, was made here and it is asserted that the man was Frank Clope, a well known Racine citizen who had been missing almost five months. Clope was for twenty-five years one of the leading employees of the Mitchell Wagon company in Racine.

His widow, who aided in the identification, says her husband must have been murdered and insists that at the time of his disappearance he had a large sum of money and a gold watch and chain in his possession. The arrest of Clope's only son, Irving Spencer Clope, last April on the charge of counterfeiting and his subsequent sentence in Milwaukee for the crime are believed by friends to have caused his father to end his own life.

"My views are well known," shouts Mr. Bryan. Will the gentleman kindly give the vintage—1896, 1900 or 1908?

SHOOTS YOUNG GIRL.

Iowa Man Then Ends His Own Life With a Rifle.

Shenandoah, Ia., Oct. 15.—Harley Bright, aged twenty-four, son of a prominent business man of this place, is dead, and Miss Esther Cook, aged fifteen, his sweetheart, is fatally wounded as the result of what is believed to have been a murder and suicide by Bright.

The shooting occurred at the Bright home, when nobody but the young man and Miss Cook were in the house. Shots were heard by neighbors, who went to the Bright home to investigate. They found a rear bedroom barricaded and forced the door open. On the floor lay Bright with a bullet hole in his temple, and Miss Cook shot through the eye. Near Bright's form was a repeating rifle and two empty shells on the floor.

What led up to the shooting is not known, but it is stated that the couple had quarrelled over Bright's attentions to another girl.

Costly Fire in Arizona.

Bisbee, Ariz., Oct. 15.—Fire destroyed property in this city estimated in value at \$500,000. Dynamite was resorted to to check the flames. A number of business houses on Main street as well as residences on Castle and Clamson hills were wiped out. Several persons were injured by the explosion of dynamite, but none fatally.

Mr. Bryan declares that he does not favor government ownership of railroads. He favored it as late as May, 1907, and has not yet recanted the statement he then made that he did not believe anything could be accomplished by attempts to regulate the railroads and that government ownership of them was inevitable.

NEW SYSTEM IN OPERATION

Telepost Service Finally Inaugurated at Boston.

BOTH FAST AND ECONOMICAL

One Thousand Words a Minute Transmitted by Delany Method at Lower Rate—Telegrams Delivered by Special Messengers and Teleposts Carried by Postmen Features of the Telepost Company's Work.

Boston, Oct. 14.—The Telepost company has inaugurated here its system of receiving and sending messages. The Delany method, controlled by the company, the newest and most rapid method of transmitting intelligence electrically, in connection with the postoffice delivery system, is now an actual fact in American life.

With the transmission of the first Telepost message from Boston to Portland, Me., handed to the Telepost operator here by Mayor Hibbard of this city, the Telepost was put into operation between the two cities, the line including the following way stations: Lowell, Mass.; Lawrence, Mass.; Haverhill, Mass.; Exeter, N. H.; Portsmouth, N. H.; Dover, N. H.; Biddeford, Me.; Saco, Me.; and Old Orchard, Me. In each of these cities there is now a Telepost office prepared to receive and transmit messages.

The Telepost transmits and receives messages at the rate of a thousand words a minute, from twenty to forty times as many as any other telegraph system now in operation. The Telepost utilizes the full carrying capacity of the wire, while others get only 10 per cent.

The Telepost company gathers messages and sends them on its own lines. It delivers the message itself by its own special delivery service, the messages then being called by the familiar name "telegram," or it relies for delivery upon the well organized postoffice department run by Uncle Sam. In the latter case the message is known as a "Telepost." The company also receives messages through the postoffice department, for transmission to near or distant points—that is, a man living in one of the cities named or within mailing distance of it may write out his telegram or his "Telepost," drop it, addressed to his correspondent near or far, in care of the Telepost company. The latter will attend to its prompt and speedy transmission. The telephone may also be utilized by the Telepost patrons.

In addition to telegrams of the new style and Teleposts the innovation in the wire world includes the "telecard," which is to the telegram and the Telepost what the postal card is to the letter. In other words, it is a shorter telegram transmitted at a lower rate.

Uniform Rate of Transmission.

The rates charged by the Telepost company are uniform whether the distance traversed by the message is ten miles or a thousand—twenty-five words for 25 cents delivered by the Telepost messengers, or fifty words for 25 cents brought to your door by one of Uncle Sam's gray coated men. The charge for the telecard is 10 cents for ten words sent to any place reached by the Telepost company's lines.

A special envelope of odd size and attractive design makes it easier for the mail distributors to recognize and handle Teleposts. The telecard is also of special design in order to facilitate postoffice handling.

While the service just inaugurated includes only the cities named above the Telepost company has already closed contracts to make rapid extensions from Boston in other directions.

The scene in the Telepost offices at the opening of the new service was a most interesting one. The audience included, besides Mayor Hibbard, a large number of men prominent in the business and professional life of this city. The newspaper men who were present not only looked upon the putting to practical use of the invention of Patrick B. Delany as an interesting item of news, but as one that is expected to affect vitally their own business of news gathering and publishing. The Telepost company intends to establish at its offices in the various cities a bulletin service giving the most important news items of the day in skeleton form, referring the readers to the newspapers for details. The first message transmitted over the Telepost lines was that of Mayor Hibbard to the mayor of Portland, Me., congratulating the latter upon the inauguration of the new system. The first Telepost message will be preserved as an interesting memento of the occasion. Among those present were Patrick B. Delany, the inventor of the system; H. Lee Sellers, the

president of the company; R. H. Sellers, its secretary and treasurer, and J. W. Larish, its electrical engineer. The various operations of the Telepost, such as the perfecting type, the transmission of messages, handling the receiving tape, etc., were fully explained and aroused the highest interest.

The Telepost system has won the highest commendations from expert authorities in electricity. Thomas A. Edison, with whom Mr. Delany worked years ago, said of it, "The system in its entirety is so simple that it is perfectly 'fool proof.'"

Accused Woman Set Free.

Wabasha, Minn., Oct. 15.—Mrs. Emma Drees-Vosker, arrested on a charge of murdering the recluse, Roemer, whose housekeeper she was, and who was found dead in his isolated home here some months ago, has been freed. In the present series, Detroit snatched one victory out of the five games played.

The Chicago team, according to the critics, showed superiority in every department of the game in the series as a whole, although this superiority was not so apparent on the day that Detroit batted a victory off Pfister's curves. Detroit was handicapped by Schmidt's inability to cut down runners at second at critical moments when hits meant runs. None of the Detroit pitchers seemed able to consistently puzzle the Chicago batsmen, for even Mullin, who pitched Detroit's only victory, was found for seven hits. Throughout the series Chicago's hitting was opportune. The occasions were rare when with men on bases and runs needed, a Chicago batsman was not there with the needed hit.

The games were singularly free from squabbling and on only two or three occasions were the decisions of the umpires questioned. At no time was it necessary for a player to be sent to the bench to enforce discipline and good order. The series, however, created less interest in the two cities most affected than that of last year, if the attendance may be taken as a guide. The paid admissions were only 62,232 for the five games and the receipts totaled but \$94,976 as compared with \$101,000 last year. The attendance at the final game was but 6,210, with gross receipts of \$9,577.50. Of the money taken in the players of Chicago, the winning team, get \$27,668, and the Detroit players \$18,446. The club owners get \$19,681 apiece, and the national commission \$9,497.

Detroit had no chance in the last game, for the Cubs hit Donovan hard and fielded perfectly, while Overall held the Tigers to three hits, one a scratch. He struck out ten men.

TO OPERATE FLOUR MILLS

New Company Will Take Over Pillsbury-Washburn Properties.

Minneapolis, Oct. 15.—Organization of a new company to take over and operate the properties of the Pillsbury-Washburn Flour Mills company, limited, is practically assured.

Plans for the organization have been adopted by the American shareholders with the assent of creditors. Ralph Whelan of Minneapolis counsel for the new company and the four receivers, has started for London to lay the organization plans before a meeting of English shareholders called for Oct. 27. The financial plan calls for distribution of shares in the new company on a basis of holdings in the old.

With the new organization completed the way is open to present a plan for the removal of the property of the English company from the jurisdiction of the federal court and its receivers. The statement is made in the promotion plan that under the new organization the debts of the old company

be paid in from six to eight years, and the stockholders reimbursed.

DENIES AN INJUNCTION.

Federal Court Powerless to Interfere With Iowa Liquor Law.

Davenport, Ia., Oct. 15.—Judge Smith McPherson in the United States court here gave a final decision in the case of the United Breweries against the Civic federation of Davenport. He denied a restraining order, asked by the breweries. He declared the Iowa liquor statute a quasi-criminal law and said that the federal court had no power to interfere with its enforcement by state courts.

IDENTIFIES BODY.

Widow Says Her Husband Must Have Been Murdered.

Kenosha, Wis., Oct. 15.—What is thought to be a positive identification of the portion of the body of a man found in a thicket on the Riley farm south of Kenosha, was made here and it is asserted that the man was Frank Clope, a well known Racine citizen who had been missing almost five months. Clope was for twenty-five years one of the leading employees of the Mitchell Wagon company in Racine.

His widow, who aided in the identification, says her husband must have been murdered and insists that at the time of his disappearance he had a large sum of money and a gold watch and chain in his possession. The arrest of Clope's only son, Irving Spencer Clope, last April on the charge of counterfeiting and his subsequent sentence in Milwaukee for the crime are believed by friends to have caused his father to end his own life.

"My views are well known!" shouts Mr. Bryan. Will the gentleman kindly give the vintage—1896, 1900 or 1908?

SHOOTS YOUNG GIRL.

Iowa Man Then Ends His Own Life With a Rifle.

Shenandoah, Ia., Oct. 15.—Harley Bright, aged twenty-four, son of a prominent business man of this place, is dead, and Miss Esther Cook, aged fifteen, his sweetheart, is fatally wounded as the result of what is believed to have been a murder and suicide by Bright.

The shooting occurred at the Bright home, when nobody but the young man and Miss Cook were in the house. Shots were heard by neighbors, who went to the Bright home to investigate. They found a rear bedroom barricaded and forced the door open. On the floor lay Bright with a bullet hole in his temple, and Miss Cook shot through the eye. Near Bright's form was a repeating rifle and two empty shells on the floor.

What led up to the shooting is not known, but it is stated that the couple had quarrelled over Bright's attentions to another girl.

Costly Fire in Arizona.

Bisbee, Ariz., Oct. 15.—Fire destroyed property in this city estimated in value at \$500,000. Dynamite was resorted to to check the flames. A number of business houses on Main street as well as residences on Castle and Clamson hills were wiped out. Several persons were injured by the explosion of dynamite, but none fatally.

Mr. Bryan declares that he does not favor government ownership of railroads. He favored it as late as May, 1907, and has not yet recanted the statement he then made that he did not believe anything could be accomplished by attempts to regulate the railroads and that government ownership of them was inevitable.

WHAT THE REPUBLICAN PARTY HAS DONE.

It has extended national power and commercial prestige.

It gave freedom to Cuba and is aiding her to establish responsible self-government.

It has added enormous areas to United States territory—Porto Rico, Guam, the Hawaiian Islands, the Philippines, and has knitted together the interests of this country and the Latin-American republics in a manner to command their confidence and increase our trade.

Through President Roosevelt it put an end to the war between Russia and Japan and commanded the affectionate recognition of both countries.

It established the gold standard, placing this country in the rank of other advanced commercial nations.

It passed a currency measure designed to prevent currency suspension in case of panic.

It has appointed a monetary commission to consider further reforms in the currency system.

The republican party has constructed a navy capable of meeting that of any other nation. By re-organizing the army it has made an effective fighting force.

It acquired control of the Panama Canal and is pushing the work in a way which amazes by its enterprise the nations of the world.

It has extended to the war veterans and their widows the benefits of a service pension.

It has provided for the arbitration of labor disputes between railroads and their employees, and it has regulated the hours of railroad employees in a way to entitle them to adequate and necessary rest.

It has modified the old common-law principle of employment so as to make it possible for the laborer in public service to recover for injuries received while at work.

It has restricted the immigration of the criminal and defective classes, thereby reserving the country for the honest laborer.

It has safe-guarded the public health by establishing proper standards under the Pure Food Law.

It has put an end to timber-thieving on public lands.

It has checked criminal monopoly by energetic enforcement of the law.

It has abolished railway rebates and established equality of treatment and opportunity for shippers, communities and consumers.

It has sought to insure purity of elections and correct expression of the people's will by prohibiting corporations from contributing to national elections.

The highest aspirations of the American people for moral reform and national progress has ever had the sympathy and support of the republican party. Is it now the duty of the citizen who looks forward, and not backward, to vote for a party that has done things rather than for one which simply cavils at things done?

LOCAL NEWS NOTES

Elks' meeting tonight.

Awnings! Awnings! D. M. Clark & Co. 61

Milton McFadden went to Staples this afternoon on business.

F. P. McQuillin and Alice McQuillin, were Brainerd visitors today.

Miss Carrie Morrison returned yesterday from a visit at Twin Oaks, the summer home Mr. and Mrs. J. C. Barber.

Every wage earner should regulate his outlay as to be able to put aside a small sum each week and deposit it in the Security.

Attention sportsmen. We have the best and latest in guns, rifles, and ammunition. Guns to rent. D. M. Clark & Co. 61tf

Jap Rose is the "Bubble Bath Soap" because the lather is all "bubbles." No grease to clog the pores. You'll see the difference. For sale by all dealers.

Carl Oscar Larson, the well known Swedish singer, will sing in the Swedish Baptist church Sunday, Oct. 18th, at the morning and evening service. Come and hear him.

Anyone wishing a shine or polish drop in and see "Frenchy" under Mrs. L. M. Koop's store. 110t6

Governor Johnson will speak on the issues of the day at the opera house Friday evening. Dr. Gilkerson, the democratic candidate for congressman will divide the time with him.

Mr. and Mrs. Fremont Turcotte and Mr. and Mrs. A. E. Hardy went to Minneapolis this afternoon, leaving amid a shower of rice. Mr. and Mrs. Turcotte expect to return Saturday.

Don't forget "Frenchy" if you want your shoes shined. Under L. M. Koop's store. 110t6

The store room in the Parker building is now practically complete except the glass for the front. As soon as that arrives and is put in position the building will be ready to receive the fixtures.

County Treasurer Adair will keep his office open evenings beginning Saturday, Oct. 17th, until Nov. 1st, for the convenience of those desiring to pay their taxes and who are unable to do so in the day time.

DR. BRUNS will be in Brainerd at the Ransford Hotel, Oct. 21. Spectacles and eye glasses fitted correctly. Eyes examined free.

Michael Showcoy has leased the building at 307 South Sixth street of F. A. Farrar. It has been papered and fixed up and Mr. Showcoy expects to open a confectionery, fruit and cigar store there in a few days.

The Security ventures to suggest that you might find it to your advantage to do some business with them.

Herbert Graves has rented the room in the Gardner block and is opening up a short order house. He expects to get to doing business tonight and will keep open night and day. Mr. Graves has teamed and logged in the county for several years and has many acquaintances.

The growth thus far of the Security is one in which its officers take justifiable pride.

Call at 315 South Broadway for prices on coal before buying. H. H. Hitch will save you money. It

Mrs. H. W. Linnemann and Mrs. M. T. Dunn entertained a number of their lady friends at 500 at the home of the former Wednesday afternoon. The first prize was won by Mrs. S. F. Alderman and the second by Mrs. L. M. DePue. Delicious refreshments were served and a very pleasant time was enjoyed.

Do not fail to get prices of H. H. Hitch before buying your supply of fuel. Telephone 26. 1t

Fire or the burglar are liable to visit your home or office at any time. A safe-deposit box at the Security affords sure protection against both.

Mrs. Hannah Hawkins received a telegram yesterday from her son, J. F. Hawkins, bringing the sad news of the death of his baby son Joseph, at their home in Bemidji Tuesday night. The sorrowing parents arrived from there today with the remains and the funeral was held from St. Francis church this afternoon, followed by interment in Evergreen cemetery.

H. H. Hitch handles the best and cleanest coal in the market. Get your winter supply of him. t1

The Security is anxious to awaken a lively interest among all classes—to get them firmly fixed in the habit of saving.

Rev. Dr. Dick and Joseph Gorham, who were of the party which made the trip to the north Cuyuna range yesterday, returned to Minneapolis this morning. The entire party with the exception of O. E. Culver returned to this city last night. Mr. Merritt going back to Deerwood this afternoon and Mr. Gorham will return to Minneapolis tomorrow morning.

Jacob Schmidt's bottle beer is delicious. We have the agency. Order a case. Telephone 164 John Coates Liquor Co. tf

Cash paid for potatoes and oats at O'Brien's. 104tf

LABOR IN DEMOCRATIC STATES.

Coal Miners in Alabama Subjugated Into Cringing Dependencies.

That there's a "rift within the lute" of the Gompers proposition to deliver the labor vote of the country to Democracy is becoming more apparent. While Mr. Bryan and Mr. Gompers are making special appeals to labor, neither refers to the deplorable condition of labor in the Democratic South. Mr. John P. White, for six years president of the Iowa United Mine Workers, and now one of the national officers of the United Mine Workers' Association, who investigated mining labor conditions in the South, is not so reticent. In a recent address to Local Union No. 97 of Albia, Iowa, he told of persecutions of labor in Alabama where a coal miners' strike was in progress. He is reported as saying: "The miners of Alabama have been subjugated until a majority have become cringing dependencies. Almost daily some of the laboring men of that State were mercilessly shot down for daring to assert their rights as American citizens. Ninety-one members of the Mine Workers' Association were thrown into jail without having committed any crime other than becoming members of the organization." Alabama is a State absolutely under control of Bryan Democracy.

PLEASANT TRIP OVER THE RANGE

Minneapolis and Brainerd Gentle- men Taken Over North Cuy- una Range by Mining Men

THE DAY WAS A PERFECT ONE

Arrangements for the Trip were Admirable and all Enjoyed Themselves

Geo. I Gorham, one of the leading in-
surance men of Minneapolis, and treasur-
er of the Gorham-Garbett Mining
Co., has a good pull with the weather
man. He went to him in Minneapolis
Tuesday and secured the promise of a
fine day for Wednesday and the clerk
fulfilled it to the letter. It was made
to order. The party left the Ransford
hotel shortly after 7 o'clock in the
morning. A leisurely drive over the
road between Deerwood and Rabbit lake
brought them to the drill camp of the
Gorham-Garbett Company on 33-47-29
shortly after 11 o'clock. After doing
justice to a bountiful and splendidly
cooked dinner served by Mr. and Mrs.
Seward, who have charge of the cook
camp, the party tramped over the 120
acres forming the Me ago property be-
longing to that company. The party
saw the drills at work and got samples
of the ore taken from the drills while
they were present. After being photo-
graphed, both before and eating, and
getting pictures of drills, camps, etc.,
the party drove to the shaft of the
Rogers-Brown Ore Co., on section 30-
47-28. Work here is progressing satis-
factorily and the shaft house will be
erected the last of this week or the
first of next week. The taking out of
ore will then begin in earnest. After
inspecting the plant and taking a look
down the shaft the party started for
Deerwood where arrangements had
been made with Mrs. Chris Bartens to
serve supper for the hungry crowd.
She served up a very appetizing meal
which a 40 mile ride made them ready
to do full justice to. The teams were
left in Deerwood and after spending

train. In addition to those mentioned
in Wednesday's DAILY DISPATCH O. E.
Culver, of Deerwood, and H. W. Witt-
ner, of Minneapolis were of the party.
Data and photos were secured which
will be used in a write-up of the Cuy-
una range in the near future.

Where Bullets Flew

David Parker, of Fayette, N. Y., a
veteran of the civil war, who lost a
foot at Gettysburg, says: "The good
Electric Bitters have done me more
than five hundred dollars to me. I
spent much money doctoring for a
bad case of stomach trouble, to little
purpose. I then tried Electric Bitters,
and they cured me. I now take them
as a tonic, and they keep me strong
and well." 50c. at H. P. Dunn's drug
store. t t s

HAVE MOVED

Bye & Peterson Removed Their Stock
to Their New Store in the Cullen
Building this Forenoon

Bye & Peterson were busily engaged
this forenoon in moving their clothing
stock from their temporary quarters
on Laurel street to their permanent lo-
cation in the new Cullen building at
the corner of Seventh and Front streets.
The boys have a handsome room and
will do a good business. Watch for
their Adv. tomorrow.

John Mann has also got nicely set-
tled in his new quarters in the L. J.
Cale building. Work will begin soon
on the task of fitting up the Keene
building for Geo. West's restaurant.

A Healthy Family

"Our whole family has enjoyed good
health since we began using Dr. King's
New Life Pills, three years ago," says
L. A. Bartlet, of Rural Route 1, Guil-
ford, Maine. They cleanse and tone
the system in a gentle way that does
you good 25c. at H. P. Dunn's drug

MRS. A. M. SIMONS DEAD

Mother of H. D. Simons Died at Min-
neapolis Wednesday and will be
Buried Here Friday

Word was received here this fore-
noon of the death of Mrs. A. M. Si-
mons, mother of H. D. Simons, which
occurred in Minneapolis Wednesday af-
ternoon of paralysis, at the age of 84
years. Mrs. Simons, who was a sister
of Mrs. W. D. Boies, formerly Mrs. C.
B. Sleeper, had resided for many years
at the home of her daughter, Mrs. Bis-
sel, in Minneapolis and it is supposed
that she died there. The remains will
be brought to Brainerd for burial and
the funeral services will be held at the
First Baptist church Friday afternoon
at 3 o'clock, followed by interment in
Evergreen cemetery.

Any pain stopped in 20 minutes sure.
Dr. Shoop's Pink Pain Tablets quickly

ATTORNEY FUNCK WINS IN CONTEST

The election contest case for county
attorney of Cass county, between R.
M. Funck, of Cass Lake, and J. S.
Scribner, of Walker, has just been de-
cided in favor of Mr. Funck.

At the primary election Mr. Scribner
was declared the nominee by two votes.
Mr. Funck contested the election,
claiming that the lumberjack vote in
the precinct of Cuba, which gave Scrib-
ner eleven majority, was not legal, as
the men temporarily employed in the
woods were not voters. Attorney Fry-
berger, of Duluth, handled the case for
Mr Funck. It was argued before Judge
McClennahan on Sept. 26. Mr. Funck
is the youngest attorney in Cass coun-
ty

Coming Attractions

Oct. 15—"The Girl and the Gawk."

The Girl and the Gawk

Hundreds of people were turned
away from the Grand Theatre last night
when the Lockes presented "The Girl
and the Gawk" to the largest house of
the season. There was 1276 tickets
sold and all available standing room
taken. Rousing receptions were given
Ella, Will, and Henry Locke and the
audience was kept in continual enthu-
siasm from start to finish. The choking
scene between "Jim" the Gawk and
"Jack Warring" the villain, was the
most realistic piece of acting ever seen
here. The Lockes are old favorites
here.—Daily Record, Iola, Kan.

At the opera house tonight. Prices:
25, 50, 75.

DEERWOOD NOTES

N. P. Emil Carlson is home from
Minneapolis after an absence of about
six weeks.

F. E. Oberg has gone to Iowa and
other southern points in the interest of
his land business.

Franklin W. Merritt and a party of
newspaper and iron men were in the
city Wednesday evening, after a trip
over the north range. They drove
from Brainerd and were served with
supper at the home of Mrs. Chris Bar-
tens, leaving on the night train for
Brainerd.

C. E. Neumann, of Duluth, was in
the city Wednesday, going to Brainerd
on the midnight train.

H. J. Hage went to McGregor Tues-
day afternoon to look after his busi-
ness interests there.

J. C. Rathvon has the store front in
place in his hotel building, making quite
an improvement.

Deerwood people generally join with
the Methodists in rejoicing over the re-
turn of Rev. Justin Parish to the pas-
torate of the church here for another
year.

Frank Engman's home was made
happy last week by the arrival of a
pair of fine twin girls. Mother and
daughters are doing nicely.

Mrs. Ella Griffin, who has been with
her parents most of the summer, left
last week for Missoula, Mont., to join
her husband and make their future
home.

O. E. Culver went to Brainerd Tues-
day night and escorted the Gorham-
Garbett party over the north range.

Mr. Herman Ringham, son of Gust
Ringham, is home from a three years
absence in the west. He likes that
section of the country very much, but
will remain here for the present if he
can get work.

If it is true that Roosevelt is going
to take to the stump Bryan will have
to take to the woods.—Philadelphia
Press.

Mr. Bryan no longer refers to Mr.
Roosevelt as his imitator, counterpart
and understudy.—St. Louis Globe-Dem-
ocrat.

FOR DEBATING CLUB

Members of Y. M. C. A. Met Wednes- day Evening and Organized for That Purpose

A number of young men met at the
Y. M. C. A. building Wednesday even-
ing and formed a temporary organiza-
tion looking toward a debating society.
A. C. Fuller was chosen chairman pro
tem and L. P. White secretary pro
tem.

The following committees were
authorized and appointed:
Constitution—G. S. Swanson, L. P.
White, J. C. Manville.
To arrange program for Hallowe'en
night—George Anderson, A. C. Mraz,
Raymond Rose.

A committee on membership will be
appointed later. The club will meet
Monday night to hear the reports of the
committee.

Gymnasium class work is growing in
interest and there are now 54 membe
enrolled in the various classes. The
picked squad will meet tonight to or-
ganize.

Would Mortgage the Farm

A farmer on Rural Route 2, Empire,
Ga., W. A. Floyd by name, says:
"Bucklen's Arnica Salve cured the two
worst sores I ever saw: one on my hand
and one on my leg. It is worth more
than its weight in gold. I would not
be without it if I had to mortgage the
farm to get it." Only 25c at H. P.
Dunn's drug store. t t s

CITIZENSHIP SCHOOL

Thousands of Boys to Be Shown How to Vote.

Y. M. C. A.'S TIMELY MOVE.

Young Americans to Take First Les-
sons in a National Election—Princi-
ples of Civics and Good Government
to Be Studied—Will Attend Educa-
tional Lectures.

The boys of America between the
ages of twelve and twenty years
will have a chance to vote for pres-
ident and governor this fall. Not
that their votes will be counted for the
regular election, but they will be given
a chance to express their opinion and
will be shown how to vote.

It is no play business either. It is
planned to have the lads use the same
booths in which to cast their ballots as
the grownups. Their ballot will be a
replica of the regular ballot except that
it will be marked to show that it is the
vote of the youths.

This plan for the instruction of the
boys in the duties of citizenship is a
result of the study and suggestion of
leaders in the boys' division of the
Young Men's Christian association.

According to the plan, every boy who
registers to cast his vote must have
become familiar with the constitution
of the United States and the party
platforms by a plan arranged and also
attend a series of educational lectures
on the principles of government to be
delivered by prominent and distin-
guished citizens.

These lectures will be delivered in
the different Y. M. C. A. buildings
throughout the United States, and the
voting places will also be in these
buildings. Every boy must register at
the Y. M. C. A. building in his city or
town. Definite registration days have
been set. The election will be held
during the week preceding the regular
election.

No boy will be permitted to cast his
ballot without presenting a certificate
showing he has met the requirements
of a "voter." No political addresses
will be made except by boys under
their twentieth birthday. Under no
circumstances will political influence
or addresses be permitted from adults.
The politician will not get a chance to
make capital out of this purely educa-
tional movement. The leaders believe
that this movement will be of great
educational value, as the boy will be
encouraged to think for himself and to
increase his interest in civic matters
and citizenship so that he will later
take his civic responsibilities more se-
riously and become more thoughtful in
matters concerning public welfare. The
plan provides for a continuance of in-
struction after the election is over.

Some of the suggested topics for the
educational lectures to the boys are
"Why It Is a Crime to Buy or Sell a
Vote," "Why Every Citizen Should
Vote," "Why a Voter Should Do His
Own Thinking," "How a Party Plat-
form Is Constructed," "What an Elec-
tion Is For," "How to Prepare and
Cast a Ballot," "Rights and Obligations
of Citizenship" and "The Principles of
Self Government."

The co-operation of the public school
officials and boys' clubs throughout
the country is assured, and it is believ-
ed that many thousand boys will be-
come interested and cast their first
"vote."

Oil Plant Damaged by Fire.

Baltimore, Oct. 15.—A spectacular
fire broke out at the Canton plant of
the Standard Oil company, a short dis-
tance beyond the eastern limits of the
city, and it was not until four hours
later that it was under control. The
fire originated in the pumphouse,
where a spark set fire to oily pipes
and ran along them to nearby tanks,
of which three were destroyed. Loss
about \$75,000.

WOOL-PLATED CLOTHES

A counterfeit gold-plated dollar looks good—for a little while.

But when the gold wears off the fraud shows through.

Same way about wool-plated cloth-
ing.

A good deal of clothing is made of shoddy material—wool on the out-
side, cotton on the inside.

That's wool-plating—but you don't want it.

It looks all right in the store—takes an expert to tell the difference between it and the better kind.

But if you get a wool-plated—or an imitation wool-suit or overcoat, you'll know the difference all right, but then it's too late.

Better be sure than sorry.

To choose CLOTHCRAFT is to be sure.

Wool—all wool, pure wool—guaranteed by the makers, guaranteed by us.

CLOTHCRAFT suits and overcoats have style, comfort, finish and fit. They are the only all wool garments selling at from \$10 to \$25.

J. F. MURPHY & CO.

Several Persons Injured.

Columbiana, Ala., Oct. 15.—A large circus tent was blown down here during the afternoon performance and several people were more or less seriously injured in the panic that followed. George Jenner, a trapeze performer, was thrown thirty feet to the ground. There were about 3,000 people in the tent at the time of the accident.

Mr. Bryan declares that he has been a tariff reformer for twenty-eight years. His platform in 1896 insisted that the tariff should not be agitated until the money question was settled. He postponed it in 1900 to discuss imperialism and is making it an issue in 1908 only in communities where his other vagaries have no standing.

Too Risky

Ask your doctor if he does not think it would be wise for you to keep a bottle of Ayer's Cherry Pectoral in the house.

"A hard chill, pain through the chest, difficult breathing." If this should be your experience, send for your doctor. It may be pneumonia! To doctor yourself would be too risky. If your doctor cannot come at once, give Ayer's Cherry Pectoral. When he comes, tell him exactly what you have done. J. C. Ayer & Co., Lowell, Mass.

Ask Us

to show you some of the smartly
styled and cleverly tailored

Mrs. Jane Hopkins Boy Proof Suits

They rank foremost from a quality
stand point and are priced so low,
you'll wonder how it's done.

Every fitting size, every snappy pattern,
every boy-proof fabric for all shapes and
sizes for boys.

Sailor, Buster and Jacket
Suits. Price.....\$2.50 to \$6

PLEASANT TRIP
OVER THE RANGE
Minneapolis and Brainerd Gentle-
men Taken Over North Cuy-
una Range by Mining Men
THE DAY WAS A PERFECT ONE
Arrangements for the Trip were
Admirable and all Enjoyed
Themselves

Geo. I Gorham, one of the leading in-
surance men of Minneapolis, and treas-
urer of the Gorham-Garbett Mining
Co., has a good pull with the weather
man. He went to him in Minneapolis
Tuesday and secured the promise of a
fine day for Wednesday and the clerk
fulfilled it to the letter. It was made
to order. The party left the Ransford
hotel shortly after 7 o'clock in the
morning. A leisurely drive over the
north Deerwood and Rabbit lake road
brought them to the drill camp of the
Gorham-Garbett Company on 83-47-29
shortly after 11 o'clock. After doing
justice to a bountiful and splendidly
cooked dinner served by Mr. and Mrs.
Seward, who have charge of the cook
camp, the party tramped over the 120
acres forming the Me-ago property be-
longing to that company. The party
saw the drills at work and got samples
of the ore taken from the drills while
they were present. After being photo-
graphed, both before and eating, and
getting pictures of drills, camps, etc.,
the party drove to the shaft of the
Rogers-Brown Ore Co., on section 30-
47-28. Work here is progressing satis-
factorily and the shaft house will be
erected the last of this week or the
first of next week. The taking out of
ore will then begin in earnest. After
inspecting the plant and taking a look
down the shaft the party started for
Deerwood where arrangements had
been made with Mrs. Chris Bartens to
serve supper for the hungry crowd.
She served up a very appetizing meal
which a 40 mile ride made them ready
to do full justice to. The teams were
left in Deerwood and after spending

A. C. Fuller was chosen chairman pro
tem and L. P. White secretary pro
tem.

The following committees were
authorized and appointed:
Constitution—G. S. Swanson, L. P.
White, J. C. Manville.
To arrange program for Hallowe'en
night—George Anderson, A. C. Mraz,
Raymond Rose.

A committee on membership will be
appointed later. The club will meet
Monday night to hear the reports of the
committee.

Gymnasium class work is growing in
interest and there are now 54 membe-
s enrolled in the various classes. The
picked squad will meet tonight to or-
ganize.

Would Mortgage the Farm

A farmer on Rural Route 2, Empire,
Ga., W. A. Floyd by name, says:
"Bucklen's Arnica Salve cured the two
worst sores I ever saw: one on my hand
and one on my leg. It is worth more
than its weight in gold. I would not
be without it if I had to mortgage the
farm to get it." Only 25c at H. P. D.
Dunn's drug store. t t s

CITIZENSHIP SCHOOL.

Thousands of Boys to Be Shown
How to Vote.

Y. M. C. A.'S TIMELY MOVE.

Young Americans to Take First Les-
sons in a National Election—Princi-
ples of Civics and Good Government
to Be Studied—Will Attend Educa-
tional Lectures.

The boys of America between the
ages of twelve and twenty years
will have a chance to vote for pres-
ident and governor this fall. Not
that their votes will be counted for the
regular election, but they will be given
a chance to express their opinion and
will be shown how to vote.

It is no play business either. It is
planned to have the lads use the same
booths in which to cast their ballots as
the grownups. Their ballot will be a
replica of the regular ballot except that
it will be marked to show that it is the
vote of the youths.

This plan for the instruction of the
boys in the duties of citizenship is a
result of the study and suggestion of
leaders in the boys' division of the
Young Men's Christian association.

According to the plan, every boy who
registers to cast his vote must have
become familiar with the constitution
of the United States and the party
platforms by a plan arranged and also
attend a series of educational lectures
on the principles of government to be
delivered by prominent and distin-
guished citizens.

These lectures will be delivered in
the different Y. M. C. A. buildings
throughout the United States, and the
voting places will also be in these
buildings. Every boy must register at
the Y. M. C. A. building in his city or
town. Definite registration days have
been set. The election will be held
during the week preceding the regular
election.

No boy will be permitted to cast his
ballot without presenting a certificate
showing he has met the requirements
of a "voter." No political addresses
will be made except by boys under
their twentieth birthday. Under no
circumstances will political influence
or addresses be permitted from adults.
The politician will not get a chance to
make capital out of this purely educa-
tional movement. The leaders believe
that this movement will be of great
educational value, as the boy will be
encouraged to think for himself and to
increase his interest in civic matters
and citizenship so that he will later
take his civic responsibilities more se-
riously and become more thoughtful in
matters concerning public welfare. The
plan provides for a continuance of in-
struction after the election is over.

Some of the suggested topics for the
educational lectures to the boys are
"Why It Is a Crime to Buy or Sell a
Vote," "Why Every Citizen Should
Vote," "Why a Voter Should Do His
Own Thinking," "How a Party Plat-
form Is Constructed," "What an Elec-
tion Is For," "How to Prepare and
Cast a Ballot," "Rights and Obligations
of Citizenship" and "The Principles of
Self Government."

The co-operation of the public school
officials and boys' clubs throughout
the country is assured, and it is be-
lieved that many thousand boys will be-
come interested and cast their first
"vote."

Oil Plant Damaged by Fire.

Baltimore, Oct. 15.—A spectacular
fire broke out at the Canton plant of
the Standard Oil company, a short dis-
tance beyond the eastern limits of the
city, and it was not until four hours
later that it was under control. The
fire originated in the pump-house,
where a spark set fire to oily pipes
and ran along them to nearby tanks,
of which three were destroyed. Loss
about \$75,000.

WOOL-PLATED CLOTHES

A counterfeit gold-plated dollar looks good—for a little while.

But when the gold wears off the fraud shows through.

Same way about wool-plated clothing.

A good deal of clothing is made of shoddy material—wool on the outside, cotton on the inside.

That's wool-plating—but you don't want it.

It looks all right in the store—takes an expert to tell the difference between it and the better kind.

But if you get a wool-plated—or an imitation wool-suit or overcoat, you'll know the difference all right, but then it's too late.

Better be sure than sorry.

To choose CLOTHCRAFT is to be sure.

Wool—all wool, pure wool—guaranteed by the makers, guaranteed by us.

CLOTHCRAFT suits and overcoats have style, comfort, finish and fit. They are the only all wool garments selling at from \$10 to \$25.

J. F. MURPHY & CO.

Several Persons Injured.
Columbiana, Ala., Oct. 15.—A large circus tent was blown down here during the afternoon performance and several people were more or less seriously injured in the panic that followed. George Jenner, a trapeze performer, was thrown thirty feet to the ground. There were about 3,000 people in the tent at the time of the accident.

Mr. Bryan declares that he has been a tariff reformer for twenty-eight years. His platform in 1896 insisted that the tariff should not be agitated until the money question was settled. He postponed it in 1900 to discuss imperialism and is making it an issue in 1908 only in communities where his other vagaries have no standing.

Too Risky

"A hard chill, pain through the chest, difficult breathing." If this should be your experience, send for your doctor. It may be pneumonia! To doctor yourself would be too risky. If your doctor cannot come at once, give Ayer's Cherry Pectoral. When he comes, tell him exactly what you have done.

Ask your doctor if he does not think it would be wise for you to keep a bottle of Ayer's Cherry Pectoral in the house.

J. C. Ayer & Co., Lowell, Mass.

Ask Us

CALUMET

Baking Powder

Received
Highest Award
World's Pure Food Exposition
Chicago, November, 1907

What does this mean?

It means that Calumet has set a new Standard in Baking Powder—the standard of the World.

Because this award was given to Calumet after thorough tests and experiments, over all other baking powders.

It means that Calumet is the best baking powder in every particular in the world.

And this means that Calumet produces the best, most delicious, lightest, and purest baking of all baking powders.

Doesn't that mean everything to you?

TAFT'S TOUR OF OHIO CONCLUDED

Candidate Issues a Statement
on the Situation.

IT IS ENTIRELY SATISFACTORY

Has No Doubt But That the Republican Majority in the Buckeye State Will Be a Substantial One—Believes Attitude of Labor Toward the Republican Party Has Been Misrepresented Quite Freely.

Wheeling, W. Va., Oct. 15.—Judge Taft has concluded his three-days' campaign in Ohio. What he thinks of the situation is set forth in the following statement, which he issued:

"I have now spent three days in the state of Ohio, much of the time in industrial and labor centers among men who, it was reported, were disaffected and opposed to the Republican party and its candidates. Wherever I appeared I was cordially received and only an occasional interruption indicated that misrepresentation of the attitude of the party and the candidates had made a casual impression. It is my opinion that the attitude of labor toward the Republican party has been misrepresented quite as freely as that of the party and the candidate toward labor, and I find no reason for the belief that labor will divide other than on the lines that have heretofore divided it. In my opinion the normal Republican labor vote will be cast as heretofore.

"In the agricultural regions it is apparent that the farmers are opposed to a change that will imperil their present prosperity.

"The situation in Ohio is entirely satisfactory and no one has any reasonable doubt but that the Republican majority will be a substantial one. I certainly have no doubt on the subject myself."

Again the Taft special was delayed by accident. In trying to negotiate a spur track from Cadiz Junction to Cadiz, O., it was found first that the train was too heavy for the grade, notwithstanding two engines were used. The train was run back to the junction and three cars cut off. On the second attempt, while a speed of about ten miles an hour was being made, two wheels of the second engine jumped the track. Before a stop could be made the train had run two lengths. The wheels which were on the ties cut them in two. On either side of the track the bank sloped down for twenty feet and that the engine did not go over was said to be due to the pilot engine. No one was injured and, like the previous derailment, but a half hour was lost through the accident.

SHAKES FIFTH AVENUE.

Dynamite Blast Breaks Windows in Fashionable Section.

New York, Oct. 15.—With a force that cracked the walls of a Fifth avenue residence and shook pictures and statuary from their places, a dynamite blast was set off in a building excavation on upper Fifth avenue. Houses for blocks around in this fashionable section were shaken by the explosion and many windows were broken. A crowd of several thousand persons was attracted to the scene and the police reserves were forced to form lines to control the situation.

As yet it is not known what caused the severity of the blast. The home of Floyd Warren, an architect, which adjoins the excavation, was made untenable by the shock.

The police arrested Louis Kretnow, the contractor in charge of the excavation work, and James Rusino, foreman of the work.

The bureau of combustibles is making an investigation.

HIGHWAYMEN BUSY.

Hold Up and Rob Three Men in Minneapolis.

Minneapolis, Oct. 15.—Highwaymen, masked and armed, held high carnival in Minneapolis at night, continuing the work they had done during the last few days. They held up a Great Northern policeman and took his revolver and 10 cents away from him; robbed a resident in the aristocratic part of the city and "stuck up" a transient. The assailant in the latter case occupies a cell at central police station.

As the result of flashing his wallet, containing \$190 in cash and \$1,000 in notes and a bank book, in a Minneapolis saloon, Stener Luten of Stoughton, Wis., was cruelly beaten and robbed a short time afterwards. Edward Nelson, twenty-six years old, was arrested after a chase by Detective "Hod" Lyons. The money was recovered.

Kern in New Jersey.

Jersey City, N. J., Oct. 15.—John W. Kern, Democratic nominee for vice president, brought the first day of his Eastern speaking campaign to a close with a speech to a large crowd in Phoenix hall in this city. Two hours earlier he addressed a tremendous crowd in Newark and earlier in the day spoke to a good sized audience in Elizabeth. In his speech here Mr. Kern prophesied Democratic victory at the polls.

How to Reduce Fat

The Simplest and Surest Way to Get Rid of Fat
Said a Noted Physician, is Rengo.

How to Prove it to Yourself. Get a Free 50-cent Package.

The Above Illustration Plainly Shows What Rengo Has Done For Others. It Will Do The Same For You. Try It.

NEW TRADE-MARK.
Rengo Is Guaranteed. You Eat It Like Fruit or Candy.

The Above Pictures Prove There Is No Longer Any Excuse To Be Fat and Sloppy. Rengo Will Do It.

There has become known a remedy for fat, the use of which has already resulted in enormous benefit and most probably in the saving of many lives. This remedy is commonly called Rengo. The rate at which it is remedied will reduce fat and do it harmlessly and surely is truly remarkable. A pound a day is ordinarily the less recorded, being done by compelling perfect assimilation of the food and sending the nutriment where it belongs. The most remarkable feature of Rengo is that you can take all you want of

it without running the slightest risk of harm. It can be chewed like candy and is pleasant to the taste. Many physicians, who before were at a loss to know how to cure obesity, are now prescribing Rengo with remarkable success. It is a great nerve-strength producer, affecting digestion primarily, and inducing a general exhilaration of mind and body. Wrinkles which appear in nearly every case of reduction of the fat where injurious drugs and starvation process is tried, do not occur where Rengo is used.

There is nothing "just as good" as Rengo. For sale by all druggists at \$1.00 per full-sized box, or by mail prepaid by The Rengo Co., 3151 Rengo Bldg., Detroit, Mich. The company will gladly send you a 50c package free by mail, if you write them direct to Detroit and enclose 10c as an evidence of good faith and to help cover postage and packing; no free package at drug stores. For sale and recommended in Brainard by H. P. Dunn, druggist.

TUCKER A VERY SICK MAN

Army Officer May Not Survive Journey to Hot Springs.

St. Louis, Oct. 15.—Colonel William F. Tucker, assistant paymaster of the United States army, on whom a warrant was served at Decatur, Ill., charging wife desertion, has left St. Louis for Hot Springs, Ark.

Colonel Tucker is a very sick man, and whether he will survive the journey is problematical. He was accompanied to the Union station by Dr. Louis H. Berhens, the house physician, who was called into the case. Accompanying Colonel Tucker to Hot Springs are G. H. Frey of Chicago, and his sister, Mrs. Myrtle Platt, a former teacher in the Philippines, who has been nursing Colonel Tucker in his present illness; Mrs. Jennie T. Johnstone of Oak Park, Ill., who is a sister of Colonel Tucker, and a Filipino servant.

Colonel Tucker will be taken to the government hospital at Hot Springs, whither he was ordered by Secretary of War Wright. This action of Secretary Wright, it appears, was taken at the instigation of Mrs. John A. Logan, the mother-in-law of the colonel, who desired that he be no longer nursed by Mrs. Platt. Under the rules of the hospital at Hot Springs, outside nurses are not permitted to care for patients there.

CHARGED WITH BIGAMY.

Sioux Indian Under Arrest in New York.

New York, Oct. 15.—Henry Standing Bear, a full-blooded Sioux Indian, who is a graduate of the Carlisle Indian school and formerly was a fullback on the Carlisle football eleven, was arraigned in court here, charged with bigamy. The complainant is Hazel M. Moran of St. Louis, who said she was a graduate of Smith college at Northampton, Mass. Miss Moran alleged that she was married to Bear in May last and accompanied him to London to interpret for Indians who were giving exhibitions at the Crystal Palace there. Miss Moran asserted that she has now discovered that Bear has a Sioux wife and three children at Pine Tree, S. D. Bear was held in bail for a hearing next Monday.

SOCIETY LEADER CREMATED

Perry Heath's Sister Burned to Death in Her Home.

Albuquerque, N. M., Oct. 15.—Mrs. Louise H. Chamberlain, a social leader here, and a sister of Perry S. Heath, former assistant postmaster general and later editor of the Salt Lake Tribune, was burned to death here in a fire in her home which started from an explosion of gasoline. A servant cleaning a rug with gasoline came too close to an open grate fire, and an explosion followed and Mrs. Chamberlain's clothing caught fire. She was fatally burned before help could be summoned.

Indicted for Murder.

Springfield, Ill., Oct. 15.—An indictment for murder was returned against Joseph Brinkman, a saloon keeper, in connection with the recent death of Mrs. Florence Moore Panchert, seventeen years old, whose body was horribly bruised, and down whose throat acid had been poured.

Churches Consolidate.

Denton, Tex., Oct. 15.—The International Holiness church and the Pentecostal Church of the Nazarene effected a consolidation at Pilot Point under the name of the Church of the Nazarene, which will now include 250 churches and 10,000 members, representing every state in the Union.

AS ROOSEVELT SEES BRYAN.

"You say that you have advocated more radical measures against private monopolies than either I or my party associates have been willing to undertake. You have, indeed, advocated measures that sound more radical, but they have the prime defect that in practice they would not work. I should not in this letter to you discuss your attitude on this question if you did not yourself bring it up, but as you have brought it up, I answer you that in my judgment the measures you advocate would be wholly ineffective in curing a single evil, and so far as they merely throw the entire business of the country into hopeless and utter confusion. I put Mr. Taft's deeds against your words. I ask that you be judged both by the words you wish remembered, and by the words that seemingly you and your party now desire to have forgotten. . . . I hold it entirely natural for any great law-defying corporation to wish to see you placed in the Presidency rather than Mr. Taft. Your plans to put a stop to the abuses of these corporations are wholly chimerical. — Theodore Roosevelt."

CALUMET

Baking Powder

Received
Highest Award
World's Pure Food Exposition
Chicago, November, 1907

What does this mean?

It means that Calumet has set a new Standard in Baking Powder—the standard of the World.
Because this award was given to Calumet after thorough tests and experiments, over all other baking powders.
It means that Calumet is the best baking powder in every particular in the world.
And this means that Calumet produces the best, most delicious, lightest, and purest baking of all baking powders.
Doesn't that mean everything to you?

Kern in New Jersey.

Jersey City, N. J., Oct. 15.—John W. Kern, Democratic nominee for vice president, brought the first day of his Eastern speaking campaign to a close with a speech to a large crowd in Phoenix hall in this city. Two hours earlier he addressed a tremendous crowd in Newark and earlier in the day spoke to a good sized audience in Elizabeth. In his speech here Mr. Kern prophesied Democratic victory at the polls.

How to Reduce Fat

The Simplest and Surest Way to Get Rid of Fat Said a Noted Physician, is Rengo.

How to Prove It to Yourself. Get a Free 50-cent Package.

The Above Illustration Plainly Shows What Rengo Has Done For Others. It Will Do The Same For You. Try It.

NEW TRADE-MARK.
Rengo Is Guaranteed. You Eat It Like Fruit or Candy.

The Above Pictures Prove There Is No Longer Any Excuse To Be Fat and Sluggish. Rengo Will Do It.

There is nothing "just as good" as Rengo. For sale by all druggists at \$1.00 per full-sized box, or by mail prepaid by The Rengo Co., 3151 Rengo Bldg., Detroit, Mich. The company will gladly send you a 50c package free by mail, if you write them direct to Detroit and enclose 10c as an evidence of good faith and to help cover postage and packing; no free package at drug stores.

For sale and recommended in Brainerd by H. P. Dunn, druggist.

There has become known a remedy for fat, the use of which has already resulted in enormous benefit and most probably in the saving of many lives. This remedy is commonly called Rengo. The rate at which it is remedied will reduce fat and do it harmlessly and surely is truly remarkable. A pound a day is ordinarily the loss recorded, being done by compelling perfect assimilation of the food and sending the nutriment where it belongs. The most remarkable feature of Rengo is that you can take all you want of it without running the slightest risk of harm. It can be chewed like candy and is pleasant to the taste.

Many physicians, who before were at a loss to know how to cure obesity, are now prescribing Rengo with remarkable success. It is a great nerve-strength producer, affecting digestion primarily, and inducing a general exhilaration of mind and body. Wrinkles which appear in nearly every case of reduction of the fat where injurious drugs and starvation process is tried, do not occur where Rengo is used.

TUCKER A VERY SICK MAN

Army Officer May Not Survive Journey to Hot Springs.

St. Louis, Oct. 15.—Colonel William F. Tucker, assistant paymaster of the United States army, on whom a warrant was served at Decatur, Ill., charging wife desertion, has left St. Louis for Hot Springs, Ark.

Colonel Tucker is a very sick man, and whether he will survive the journey is problematical. He was accompanied to the Union station by Dr. Louis H. Berhens, the house physician, who was called into the case.

Accompanying Colonel Tucker to Hot Springs are G. H. Frey of Chicago, and his sister, Mrs. Myrtle Platt, a former teacher in the Philippines, who has been nursing Colonel Tucker in his present illness; Mrs. Jennie T. Johnstone of Oak Park, Ill., who is a sister of Colonel Tucker, and a Filipino servant.

Colonel Tucker will be taken to the government hospital at Hot Springs, whether he was ordered by Secretary of War Wright. This action of Secretary Wright, it appears, was taken at the instigation of Mrs. John A. Logan, the mother-in-law of the colonel, who desired that he be no longer nursed by Mrs. Platt. Under the rules of the hospital at Hot Springs, outside nurses are not permitted to care for patients there.

AS ROOSEVELT SEES BRYAN.

"You say that you have advocated more radical measures against private monopolies than either I or my party associates have been willing to undertake. You have, indeed, advocated measures that sound more radical, but they have the prime defect that in practice they would not work. I should not in this letter to you discuss your attitude on this question if you did not yourself bring it up, but as you have brought it up, I answer you that in my judgment the measures you advocate would be wholly ineffective in curing a single evil, and so far as they had any effect at all, would merely throw the entire business of the country into hopeless and utter confusion. I put Mr. Taft's deeds against your words. I ask that you be judged both by the words you wish remembered, and by the words that seemingly you and your party now desire to have forgotten. . . . I hold it entirely natural for any great law-defying corporation to wish to see you placed in the Presidency rather than Mr. Taft. Your plans to put a stop to the abuses of these corporations are wholly chimerical." — Theodore Roosevelt.

Mr. Taft has always completed every public task set before him in a most satisfactory manner. Mr. Bryan starts on one task only to abandon it for something new that may catch his fancy. The American people like a man who stays put.

Piles

We are so certain that itching, bleeding and protruding piles can always be relieved and absolutely cured by this ointment that we positively guarantee satisfaction or money refunded.

CHARGED WITH BIGAMY.

Sioux Indian Under Arrest in New York.

New York, Oct. 15.—Henry Standing Bear, a full-blooded Sioux Indian, who is a graduate of the Carlisle Indian school and formerly was a fullback on the Carlisle football eleven, was arraigned in court here, charged with bigamy. The complainant is Hazel M. Moran of St. Louis, who said she was a graduate of Smith college at Northampton, Mass. Miss Moran alleged that she was married to Bear in May last and accompanied him to London to interpret for Indians who were giving exhibitions at the Crystal Palace there. Miss Moran asserted that she has now discovered that Bear has a Sioux wife and three children at Pine Tree, S. D. Bear was held in bail for a hearing next Monday.

SOCIETY LEADER CREMATED

Perry Heath's Sister Burned to Death in Her Home.

Albuquerque, N. M., Oct. 15.—Mrs. Louise H. Chamberlain, a social leader here, and a sister of Perry S. Heath, former assistant postmaster general and later editor of the Salt Lake Tribune, was burned to death here in a fire in her home which started from an explosion of gasoline. A servant cleaning a rug with gasoline came too close to an open grate fire, and an explosion followed and Mrs. Chamberlain's clothing caught fire. She was fatally burned before help could be summoned.

Indicted for Murder.

Springfield, Ill., Oct. 15.—An indictment for murder was returned against Joseph Brinkman, a saloon keeper, in connection with the recent death of Mrs. Florence Moore Pancher, seventeen years old, whose body was horribly bruised, and down whose throat acid had been poured.

Churches Consolidate.

Denton, Tex., Oct. 15.—The International Holiness church and the Pentecostal Church of the Nazarene effected a consolidation at Pilot Point under the name of the Church of the Nazarene, which will now include 250 churches and 10,000 members, representing every state in the Union.
